

Description.

FELIS is a premixture specifically formulated to meet unique needs of captive wild Felines. When properly blended with raw food, FELIS provides essential nutrients for all metabolic and physiological functions of feline's body for optimal maintenance, growth, reproduction and health.

FELIS contains high amount of **Taurine** (20%) a critical essential amino acid in the cats' diet. Its deficiency results in various clinical signs including dilated cardiomyopathy, retinal degeneration, poor growth and development, fetal abnormalities.

The product is fortified by **DL-Methionine** that promotes normal liver function, urinary tract health and helps lower urine smell. Content of **Fish Oil** (with high level of $\Omega 3$ fatty acids), **Zinc** and **Biotin** provides proper condition and integrity of felines' skin and hair coat, helping to prevent skin's diseases.

Cane sugar Yeast (from *Saccharomyces cerevisiae*) increases nutritional value of the product because its content of sugars, high biological value proteins, B vitamins, natural enzymes, salts and unknown growth factors. It also improves palatability of the product.

Composition:

Dextrose, Maltodextrine, Cane sugar yeast, Calcium carbonate (6%), Fish oil (5%).

Integration (for kg of product):

	mg		mg
TAURINE	200000	FOLIC ACID	100
THIAMIN	1000	PANTOTHENIC ACID	500
RIBOFLAVIN	1000	MAGNESIUM OXIDE	10000
PYRIDOXINE	1000	MANGANESE GLUCONATE	600
VITAMIN B12	50	L-ARGININE	20000
VITAMIN A	800.000 I.U.	L-LYSINE	20000
VITAMIN D3	160.000 I.U.	L-METHIONINE	20000
VITAMIN PP	2000	IODINE	80
VITAMIN C	20000	ZINC OXIDE	4800
VITAMIN E	30000	COPPER SULPHATE	640
BIOTIN	40	SELENIUM	14
VITAMIN K	200		

Directions for use:

The product is designed to be added at 0,5% of wet weight of meat (5 grams/Kg).
