

TECHNICAL INFORMATIONS

DETOXICUM

The original recipe based on herbal ingredients makes Detoxicum a precious product against intoxication. Its content of Milk thistle, Artichoke and Dandelion extracts makes Detoxicum an excellent product useful in all the cases of diseases involving liver (infectious diseases, intoxications, malnutrition). Liver protection is increased by the presence of high level of Lysine and Methionine. The content of Fenugreek and Alpha alpha, plus Carnitine, acts as a stimulator of birds appetite and metabolism, very useful for convalescent and debilitate patients.

The presence of Group B Vitamins makes Detoxicum very useful to reduce side effects of antibiotic treatment.

Detoxicum also acts as co-adjuvant during the treatment of liver, kidneys, heart and gut diseases.

The content of Fructoligosaccarids in Detoxicum formulation allows maintaining healthy the populations of beneficial intestinal flora such as *Lactobacillus* spp. and *Bifidus* spp. reducing potential invasion from opportunistic pathogens such as *E. coli* and *Candida albicans*.

DETOXICUM PHYTOTERAPIC INGREDIENTS	
EXTRACT	ACTIVITY
Milk thistle	High liver detoxifying
Dandelion	Liver function stimulation; diuretic
Artichoke	Liver protection
Graminis	Diuretic, detoxicating
Ruscus	Antiinflammatory, improves blood circulation
Alpha Alpha	Antiinflammatory, antioxidant, diuretic
Fenugreek	Tonic; appetite and metabolism stimulation

Indications: toxicosis, infectious diseases, bumblefoot, liver, kidneys, heart and gut diseases, drugs treatments, convalescence, starvation, lost appetite, rehabilitation wild raptors

Ingredients: Sugars: Dextrose, Fructoligosaccarids, Rice starch.

Integration (for Kg of product): Vitamins: Vit.B1 6000mg, Vit.B2 7500mg, Vit.B6 7500mg, Vit.B12 15mg, Vit K 600mg, - Aminoacids: l-Lysine 10.00mg, l-Methionine 10.000mg, l-Carnitine 10.000mg - Minerals: Calcium carbonate 10.000mg. - Herbal Extract: Dandelion 20.000mg, Milk thistle 40.000mg, Artichoke 20.000mg, Graminis 20.000mg, Ruscus 10.000mg, Fenugreek 40.000mg, Alpha Alpha 20.000mg

Guaranteed analysis: Crude proteins 4%, crude fats 0,8%, crude fibre 0,4%, ash 0,4%, moisture 7%

Suggested dose: put inside the food (eviscerated prey) half measuring spoon (1 gram) of the product per Kilogram of body weight for 15-20 days or following veterinary indications.

Package: box (100 gr).
