

PRODUCT INFORMATIONS

ORNICUMA Q -QUARANTINE, STRESS, DISEASES.

The original recipe of **Ornicuma Q** includes various herbal extracts with high antiinflammatory and antimicrobial activity. Its content of Echinacea and Aloe allows to increase natural immune defence of birds against a lot of pathogens. Ornicuma Q activity is increased by its content of Propolis, Vitamins and Minerals. This herbal based supplement is very useful during birds shipment, stress and quarantine, because is able to support avian immune system activity reducing risk of developing infectious diseases. The presence of Betaglucan makes this product very effective as gut regulator and allows to reduce antibiotic use and to treat birds in a natural way.

For this reason Ornicuma Q acts as co adjuvant in the treatment of various infectious diseases.

Ornicuma Q has been also used with success to prevent chicks' crop infections, crop stasis and enteritis, very common in handfed baby birds; it also acts as co adjuvant in the treatment of chicks' diseases. The content of Fructoligosaccarids in Ornicuma Q formulation allows maintaining healthy the populations of beneficial intestinal flora such as *Lactobacillus* spp. and *Bifidus* spp. reducing potential invasion from opportunistic pathogens such as *E. coli* and *Candida albicans*.

Designed for cage birds, pigeons, softbills and raptors

ORNICUMA Q PHYTOTERAPIC INGREDIENTS	
EXTRACT	ACTIVITY
Acerola	Antiinflammatory; Immune system stimulation
Echinacea	Immune system stimulation
Blueberry	Blood vasa protection, antimicrobial, gastroprotettiva
Ficus carica	Increases food digestion
Red grape	Antiossidante, Antiinflammatory
Pineapple	Antiinflammatory
Grapeseeds	antimicrobial
Aloe vera	antimicrobial, Immune system stimulation
Propolis	antimicrobial, Antiinflammatory, Immune system stimulation
Betaglucans	Immune system stimulation

Ingredients: Sugars: Dextrose, Fructoligosaccarids.

Integration (for Kg of product): Vitamins: Vit A: 8.000.000 I.U., Vit.E 15.000 I.U., Vit.C 15.000mg, Minerals: Zinc 500mg, Copper 50mg, Cobalt 40mg, Selenium 15mg, Herbal Extracts: Echinacea 10.000mg, Acerola 10.000mg, Blueberry 10.000mg, Ficus carica 10.000mg, Red grape 10.000mg, Pineapple 5.000mg, Grapeseed 5.000mg, Aloe vera 2.000mg, Betaglucan 20.000mg, Yeasts 20.000mg, Propolis 2.000mg

Guaranted analysis: Crude proteins 1,9%, crude fats 1,8%, crude fiber 0,4%, ash 0,4%, moisture 7%

Suggested dose: Flock treatment: 2 measuring spoons (4 gr) in 1 litre of drinking water or 1 kg of soft food, for 15-20 days following veterinary indication. Single bird treatment: 1 measuring spoon (2 g)/kg weight by direct oral route.

Package: box (100 g, 500 g).
